

About the University

Launched in 2011, Manipal University Jaipur (MUJ) is a co-educational, residential, private research university located in the city of Jaipur in Rajasthan, India. MUJ has redefined academic excellence in the region, with the Manipal way of learning; one that inspires students of all disciplines to learn and innovate through hands on practical experience. The multi-disciplinary university offers career-oriented courses at all levels, i.e., UG, PG and doctoral and across diverse streams, including Engineering, Architecture, Planning, Fashion Design, Interior Design, Fine Arts, Hospitality, Humanities, Journalism and Mass Communication, Basic Sciences, Law, Commerce, Computer Applications, Management, etc. Some PG programmes are also available in the research mode.

Department of Physics

The Department of Physics at Manipal University Jaipur comes under the umbrella of School of Basic Sciences. The department was established since the inception of the university in 2011 with a vision to provide excellence in the higher education in Physics and to pursue research in interdisciplinary science. Apart from teaching, the department continuously puts major efforts in conducting research work in the thrust areas of materials science, nanoscience, plasma physics and nuclear physics. Currently there are 13 faculty members who are highly qualified and hail from the globally recognized best institutions with rich experience in teaching and have made significant contribution to their respective areas of research. The department also hosts several research projects sponsored by SERB, DST, UGC, DAE and DST Rajasthan.

Article Submission

Email: 2020.icmn@gmail.com

Organizing Committee

Chief Patron

Prof. K. Ramnarayan, Chairperson, MUJ

Patrons

Prof. G.K. Prabhu, President, MUJ

Prof. N.N. Sharma, Pro-president, MUJ

Prof. H. R. Kamath, Registrar, MUJ

Conference Chairs

Prof. A.K. Mukhopadhyay, Dean, Faculty of Science, MUJ

Prof. Lalita Ledwani, Director, School of Basic Sciences, MUJ

Conveners

Dr. Ashima Bagaria

Dr. Kamakhya Prakash Misra

Co-Conveners

Dr. Anupam Kumar Sharma

Dr. Saikat Chattopadhyay

Organizing Secretaries

Dr. Nilanjan Halder

Dr. Uvais VN

Local Advisory Committee

Dr. Sushil Kumar Jain, MUJ

Dr. Pushpendra Kumar, MUJ

Dr. Reenu Gill, MUJ

Dr. Rashi Nathawat, MUJ

Dr. Satyapal Singh Rathore, MUJ

Prof. Kalpana Sharma, MUJ

Dr. Rahul Shrivastava, MUJ

Dr. Abhijeet Singh, MUJ

Dr. Devershi Pallavi Bhatt, MUJ

International Advisory Board

Prof. R. D. K. Misra, University of Texas, USA

Prof. D. D. Sarma, Indian Institute of Science, India

Prof. S. Kumar, University of Wisconsin, Madison, USA

Prof. M. Somani, University of Oulu, Finland

Prof. Xing Zhang, Institute for Metals Research, China

Dr. S. Mukherjee, Institute for Plasma Research, India

Prof. Chennupati Jagadish, Australian National University, Australia

Prof. Yogendra K. Misra, University of Southern Denmark, Denmark

Dr. Phyllis Makurunge, University of the Witwatersrand, South Africa

Dr. Dharmendra P. Singh, University of the Littoral Opal Coast, France

Prof. Shankar Ghosh, Tata Institute of Fundamental Research, India

Prof. Hossein Ajamein, Modern Ceramic Materials Institute, Iran

National Advisory Board

Dr. Sunita Srivastava, Indian Institute of Technology, Bombay

Prof. Anchal Srivastava, University of Lucknow, Lucknow

Prof. R. K. Shukla, University of Lucknow, Lucknow

Dr. Pankaj Misra, RRCAT, Indore

Dr. Mahesh Kumar, Indian Institute of Technology, Jodhpur

Dr. Akhilesh Pandey, Solid State Physics Laboratory, DRDO, New Delhi

Dr. Rajneesh Kumar Verma, Central University of Rajasthan, Ajmer

Dr. Dileep Kumar, UGC DAE Consortium for Scientific Research, Indore

Dr. Ajay Soni, Indian Institute of Technology, Mandi

Dr. P. D. Babu, UGC-DAE Consortium for Scientific Research, Mumbai

Dr. Jitendra Tripathi, IPS Academy, Indore

Dr. Rajendra S. Dhaka, Indian Institute of Technology, Delhi

E-Conference

Call for papers

International Conference on Multifunctional Nanomaterials

(ICMN 2020)

(28-30 December, 2020)

**MANIPAL UNIVERSITY
JAIPUR**

(University under Section 2(f) of the UGC Act)

Organized by;

**Department of Physics,
Manipal University Jaipur**

Jaipur – 303007

Rajasthan, India

<https://jaipur.manipal.edu/>

Conference Website

<https://icmn2020.com/>

Theme

Multifunctional nanomaterials have greater ability than conventional materials, to perform several goals synergistically. They are gradually attracting more and more attention because of their ability to combine numerous properties, such as electronic, magnetic, optical, and catalytic. Their highly functional behaviour with modified properties is often observed to be quite different from those of the individual materials. The distinctive properties of these materials employed together with other materials or through functionalization, meet the diverse application requirements. The purpose of the functionalization is manifold, such as surface modification, the ability to increase the functionality, dispersibility, and stability, controlled release of the single nanoparticles, reduction in consumption of materials, etc. Therefore, it is an appropriate time to open a forum where a high quality and an exceptional knowledge exchange can take place among students, academics and industry researchers.

International Conference on Multifunctional Nanomaterials (ICMN 2020) aims to bring together leading academic scientists, researchers and research scholars to exchange and share their experiences and research results on all aspects of Multifunctional Nanomaterials. It also provides a premier interdisciplinary platform for researchers, practitioners and educators to present and discuss the most recent innovations, trends, and concerns as well as practical challenges encountered and solutions adopted in the field of Materials science.

Call for Contributions

Prospective authors are kindly encouraged to contribute to and help shape the conference through submissions of high quality research contributions describing original and unpublished results of conceptual, constructive, empirical, experimental, or theoretical work in all areas of Multifunctional Nanomaterials. The researchers, academics and industry representatives are cordially invited for presentation at the conference. The ICMN 2020 solicits contributions of abstracts as well as full papers that address its topics and theme.

Registration Fee

Category	Fee (Indian Delegates) INR (₹)	Fee (Foreign Delegates) USD (\$)
Student /Faculty/Scholar (With Publications)	3500	75
Student /Faculty (Without Publications; only participation)	1000	50
Industry Person	5,000	150

Fee Payment Details:

BANK NAME: STATE BANK OF INDIA

BRANCH NAME: BHANKROTA (JAIPUR)

ACCOUNT HOLDER NAME: MANIPAL UNIVERSITY JAIPUR

ACCOUNT NUMBER: 31805980405

IFSC CODE: SBIN0011396

MICR CODE: 302002036

Topics to be covered

- Advances in Functional and Multifunctional Nanomaterials
- Hybrid Nanomaterials
- Shape Memory Materials: State-of-the-art Research and Applications
- Advances in Multiferroic and Magnetoelectric Nanomaterials and Applications
- Advances in Inorganic Luminescent Nanomaterials and Applications
- Catalytic Nanomaterials
- Photocatalytic Nanomaterials for Energy and Environmental Applications
- Energy Harvesting via Smart Nanomaterials
- Nanomaterials for Superconductivity
- Stretchable and Flexible Electronic Nanomaterials & Devices
- Bioinspired Nanomaterials
- Biomimetic bioactive biomaterials – the novel materials of implantable devices
- Stimuli Responsive Nanomaterials
- Intelligent drug delivery and release systems
- New Nanomaterials for sensors and actuators: Sensing the Future with New Materials
- Intelligent Nanomaterials for Textiles
- Fire Retardant Nanomaterials and surfaces
- Smart Materials & Nanosystems
- Graphene and Other Emerging 2D-layered Nanomaterials

Important Deadlines

Submission of abstract & full paper: 30.11.2020

Acceptance notification: 10.12.2020

Registration deadline: 25.12.2020

Online Registration

Participants can submit online registration form through the conference website. <https://icmn2020.com/>

Guidelines for Participants

Instructions for Poster Presentation:

A poster should be prepared in such a way that the delegates are able to quickly read and grasp the idea. Hence, these should be visually appealing and legible. The contents should be easily readable.

Instructions for Oral Presentations:

Power point presentations will be made by the presenting author in a pertinent Scientific Session. Time duration for each presentation will be 10 min., followed by discussions, if any.

School on Material Characterization Techniques

A winter school will be held on 26 and 27 December, 2020 for senior UG, PG students and Research scholars on various characterization techniques used in multifunctional nanomaterials. For more details please visit the conference website.

Online Conference Platform

Due to the current grave scenario of COVID-19 pandemic, this conference ICMN2020 will be organized ONLINE. Participants will give their talks and join in online conversations during the conference using an online conference platform. The virtual conference program will be announced before the conference dates and the online conference platform will be available for all registered authors and listeners.

All the registered participants will get an e-certificate.

Note: The accepted papers will be published in *Journal of Nano- and Electronic Physics* (Scopus Indexed, Impact Factor 0.570)
